PRACTICE -1

AQUINIAN COMMUNITY ENGAGEMENT

- I. FOOD FOR HUNGRY AND HOME FOR A HOMELESS: NIVEDHYAM
- II. SUMMER IN AQUINAS
- III. OPEN DAY EXHIBITION: AQUINIAN- IDEA INCUBATOR/VIKNJAN
- IV. SOCIAL EXTENSION ACTIVITIES: KARUTHAL

I.FOOD FOR HUNGRY AND HOME FOR A HOMELESS: NIVEDHYAM

OBJECTIVES:

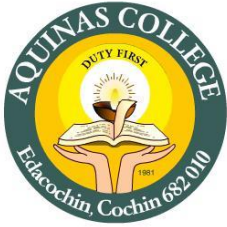

- ✓ To equalize the gap between the needy and the wealthy and to enhance the social responsibility, commitment, and joy of sharing among students through which we can educate the students about food insecurity and homelessness issues.

THE CONTEXT:

The context of introducing this practice is the realization of vision and mission of our founder Patron Late.Rev. Fr. Joseph Kureethara who believed in the upliftment of the marginalized society through education.

THE PRACTICE:

1. Each member of the Aquinian family participates in this cordial gesture. The members bring food and collect at a common point regularly every week (Tuesday). The food packets are distributed to the needy people living in the nearby community in a systematic manner without fail. Food packets contributed by the students and staff of the college are supplied to the needy through the well-known social worker Mr. Judeson M.X. The financial aid for the house construction project is contributed by the students, staff, PTA, Alumni, Well-wishers, etc.

AQUINAS COLLEGE

Edakochi, Kochi 682 010

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

-
2. The funds for the project, Home for a Homeless, are generated through the contributions of Aquinian family of students, staff, PTA, Alumni, Well-wishers, etc. A committee is constituted to recognize a well-deserved student and the project is materialized.

EVIDENCE OF SUCCESS:

The feedback received from students and the community strongly indicates the success of the practice.

PROBLEMS ENCOUNTERED& RESOURCES REQUIRED:

1. The pandemic disrupted supply chains, making it difficult to procure food items consistently. Lockdowns and movement restrictions hindered the transportation of food packets to distribution centers and final destinations. Ensuring the safety of volunteers and recipients was a major concern. Maintaining social distancing, sanitization, and use of personal protective equipment (PPE) was crucial.
2. The house project includes lot of practical difficulties including land availability, construction cost etc. which refrained us from providing a greater number of students with their dream home.

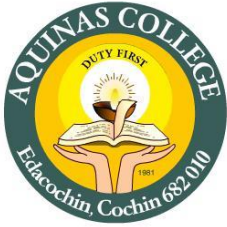

II.SUMMER IN AQUINAS

OBJECTIVES

- ✓ To make the summertime of young students more fruitful
- ✓ To develop the English communication skills of students and housewives
- ✓ To give professional coaching to the students of the nearby schools in Sports

THE CONTEXT

With the view of uplifting the society, in tune with the vision and mission of the college, the institution aims to make its resources and facilities available for the benefit of the local community. To productively utilize the non-academic days of the college as well as that of the school students of the local community, various programs like Basic Course in English and Training in Sports are organized under the head "Summer in Aquinas".

AQUINAS COLLEGE

Edakochi, Kochi 682 010

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

THE PRACTICE

The Summer in Aquinas program is scheduled in April every year which lasts for a month. The Department of English organises the Basic English Course which is carried out by Student-Teachers who prepare an assigned syllabus and teach it to the young learners under the supervision of a teacher in charge from the Department. The resources and facilities of the college like computer lab, sports infrastructure/equipment and classrooms are utilized for the purpose.

The Physical Education Department provides professional training and coaching to the young aspiring sportsmen from the nearby schools in Cycling, Handball, Football and Hockey.

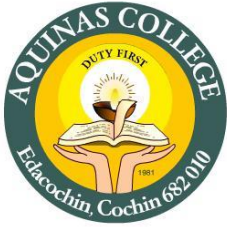

EVIDENCE OF SUCCESS

The increasing number of registrations year by year and the impressive feedback reflects the success of the programme. The teaching staff, students and alumni contribute sincerely for this venture.

PROBLEMS ENCOUNTERED & RESOURCES REQUIRED

During the COVID-19 pandemic not all students had access to reliable internet or necessary devices for online learning. Keeping students engaged and motivated in a virtual environment was more difficult compared to in-person classes.

Conducting sports activities posed a high risk of COVID-19 transmission, necessitating stringent safety measures. Lockdowns and restrictions on the use of college facilities impacted the availability of training spaces and conduction of Sports camp.

AQUINAS COLLEGE

Edakochi, Kochi 682 010

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

III. OPEN DAY EXHIBITION: AQUINIAN IDEA INCUBATOR

OBJECTIVES

- To stimulate interest and curiosity in science, arts and commerce among students
- To facilitate collaboration and networking opportunities among students, educators, researchers.
- To Provide a platform for students across disciplines (science, arts, and commerce) to showcase their creativity, knowledge, and skills beyond the classroom.
- To develop students' communication skills by requiring them to effectively communicate their ideas and findings to a diverse audience.

THE CONTEXT

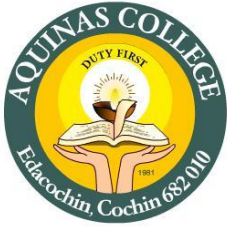

Organizing such exhibitions and fests, it enriches the educational experience of students, strengthens the connection between academia and the community, and fosters a culture of creativity, innovation, and lifelong learning.

THE PRACTICE

Yearly a dedicated organizing committee comprising faculty members, students, and administrative staff from various departments is formed to plan and coordinate the exhibitions and fests. Encourage active participation of students across disciplines to showcase their projects, research papers, artworks, business plans, and other creative activities. Also Provide guidelines and support for students to prepare their exhibits. Utilizes social media, posters, and word-of-mouth to promote the event to develop a comprehensive publicity plan to raise awareness about the exhibition among students, faculty, local community members.

EVIDENCE OF SUCCESS

The success of the exhibition is evaluated by using visitor surveys, feedback, and assessment by faculty and organizers. Positive responses are gained from the evaluation.

AQUINAS COLLEGE

Edakochi, Kochi 682 010

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

PROBLEMS ENCOUNTERED & RESOURCES REQUIRED

Handling technical issues such as internet connectivity, audio-visual equipment malfunctions, and software problems is challenging. Financial support or in-kind contributions from sponsors are required. Conduction of Open day exhibitions during COVID pandemic period was not possible.

IV. SOCIAL EXTENSION ACTIVITIES: KARUTHAL

OBJECTIVES

To empower students to become socially responsible and civic-minded individuals by integrating community service experiences with academic learning, fostering empathy, compassion, and ethical values, and encouraging active participation in community development projects

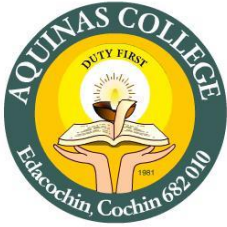

THE CONTEXT

Social extension activities are designed to extend the impact of the college beyond its campus and into the surrounding community. It is aligned with the college's vision and mission, emphasizing the institution's commitment to social responsibility, community engagement, and holistic education.

THE PRACTICE

EVIDENCE OF SUCCESS

- Increased participation rates of students, faculty, and staff in social extension activities. Total number of volunteer hours contributed by the college community.
 - Positive feedback from community members and beneficiaries expressing the value and impact of the services.
-

AQUINAS COLLEGE

Edakochi, Kochi 682 010

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

PROBLEMS ENCOUNTERED & RESOURCES REQUIRED

Ensuring the health and safety of participants, particularly during events like health camps or during pandemics, was a significant concern. Adverse weather conditions disrupted planned activities, especially those conducted outdoors.

PRACTICE – 2

AQUINIAN e- VIGNJAN

ILLUMINATO WEBINAR SERIES

OBJECTIVES

✓ **Knowledge Dissemination:**

To share research, academic advancements, and industry trends within each department to enhance understanding and awareness among students, faculty, and the public.

✓ **Networking:**

To facilitate networking among students, faculty, alumni, and industry experts to build connections, share experiences, and explore potential collaborations.

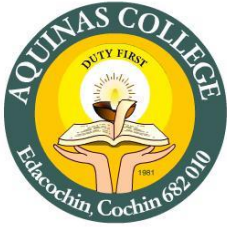

✓ **Promotion of Interdisciplinary:**

To encourage interdisciplinary discussions and collaborations across departments to address complex societal challenges and foster innovation.

✓ **Global Outreach:**

To expand the college's reach and visibility by hosting webinars that attract participants from different geographic regions, thereby enhancing the institution's reputation and global presence.

✓ **Adaptation to Digital Learning:**

AQUINAS COLLEGE

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

To embrace digital transformation in education by leveraging webinars as a flexible and accessible mode of learning and knowledge sharing, particularly in an increasingly digital world.

THE CONTEXT

When the field of academics is undergoing an unparalleled phase of transition, the educational institutions all over the world are adapting to the new world scenario from 2020 onwards. We have discovered a new way to stay connected with the tools we already have. In such a milieu, it becomes increasingly pertinent to hold meaningful intellectual discussions for the dispersal of productive ideas and thoughts, which will help us to thrive and survive this present crisis. With this perspective, the **IQAC** of **Aquinas College** is organizing a series of Webinars entitled "**illuminato**" meaning "**Enlighten**" which will bring under discussion a variety of topics ranging across the fields of science, social science, and humanities.

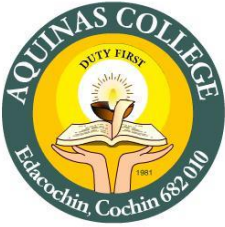

THE PRACTICE

From 2020 onwards, yearly IQAC is organizing a series of webinars entitled "**illuminato**" actively participated by all departments of Aquinas College. **illuminato** serves as a powerful tool for knowledge dissemination, professional development, student engagement, community building, and global outreach, contributing to the overall academic excellence and institutional growth. During the academic year 2022-23, Resource persons of the **illuminato** Series were the College Alumni.

EVIDENCE OF SUCCESS

- Increased Participation of students, faculty, and external participants
- Positive feedback from attendees through post-webinar surveys or evaluations
- Improved student engagement in discussions, interactive sessions, and Q&A sessions
- Webinars by college alumni can be a highly effective way to connect current students with successful graduates, providing valuable insights, mentorship, and networking opportunities.

PROBLEMS ENCOUNTERED & RESOURCES REQUIRED

AQUINAS COLLEGE

Edakochi, Kochi 682 010

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

Unstable internet connections can disrupt the webinar experience and keeping participants engaged throughout the session was challenging. Need a backup plan for internet connectivity and technical issues.

PRACTICE -1

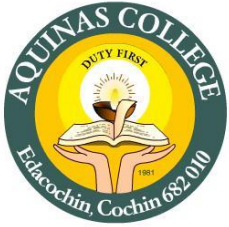

REPORTS

2018-2019

Flood Relief Camp

This year the college had the rare opportunity to serve as a Flood Relief Camp during the Kerala Floods of August 2018. The camp, headed by the Vice-Principal Dr. Joseph Justin Rebello as the Camp Officer accommodated 281 inmates. It witnessed the active participation of teachers, students, alumni and various N.G.O's.

House Construction Project

The foundation stone of our first house construction project for poor students was laid on 20th January 2018. The project was headed by the principal and coordinated by Mrs. Roshny Elizabeth Assistant professor of English Department. It was a collaborative venture of students, teaching, non-teaching staff, Alumni, PTA and retired teachers of our College.

The project costs around 7 lakhs rupees. It was successfully completed, and the key was handed over to Aneeta Stephiya of Third B. Com marketing by His Excellency Rt. Rev. Dr. Joseph Kariyal, Bishop of Cochin Dioceses on 19th November 2018 and the house was blessed by our Manager Rev.Fr. Johnson Cherammal on 24th November 2018.

DEPARTMENT OF ENGLISH

Summer in Aquinas

'Summer in Aquinas' is a Basic English Course offered by the Department of English during all summer vacations. Aiming to improve the communication skills and basic grammar of the students of the neighbouring locality, this programme has successfully been rendered for more than one decade. Well prepared syllabus, properly scheduled teaching hours, trained teacher-students and dedicated teaching faculty add to the success of the programme. The sessions are meant for the Primary and Upper Primary students and are rendered by the students of the First year B A. English.

Apart from the formal classes, students are made familiar with the library of the college. One day library visit also is made the part of the programme. Fun activities for language learning like role enacting, games, discussions etc also are conducted.

the first day. Hands-on training was given to the students on the next day. About 190 students and teachers from various colleges in Kerala participated in that event.

DEPARTMENT OF ELECTRONICS (SF)

ONE WEEK WORKSHOP ON ELECTRONICS CIRCUIT DESIGNING & PCB FABRICATION

Date: 6/8/2018 to 10/8/2018

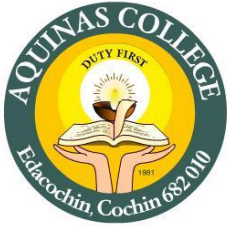

Venue: Electronics Lab

Number of Participants: 50

The one-week workshop on Electronics Circuit Designing & PCB Fabrication was conducted with the aim to provide participants with hands-on experience and theoretical knowledge in the field of electronics circuit design and printed circuit board (PCB) fabrication. The workshop covered various aspects including basic electronics concepts, circuit designing techniques, PCB layout designing, and fabrication methodologies.

Highlights:

- **Interactive Sessions:** The workshop included interactive sessions where participants could ask questions and engage in discussions with the instructors.

AQUINAS COLLEGE

- **Hands-on Training:** Practical sessions were conducted to allow participants to design circuits and create PCB layouts using software tools.
- **Project Showcase:** Participants had the opportunity to showcase their projects on the final day, allowing them to demonstrate their newly acquired skills.

LED BULB FEST

Date: 27/10/2018

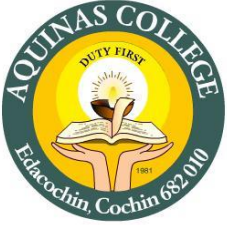

Venue: Electronics Lab

Number of Participants: 50

The workshop on LED bulb making was conducted to impart practical knowledge on assembling LED bulbs and to promote the use of energy-efficient lighting solutions.

The workshop began with an introduction to LED technology and its advantages over traditional lighting. Participants were provided with kits containing all necessary components. Step-by-step guidance was provided on assembling the components to create a functional LED bulb. Safety measures, such as proper handling of electronic components and soldering techniques, were emphasized.

Hands-on Session:

The Department of English conducted a one-day workshop on "Basic Communication Skills in English" as part of its community service initiative. The workshop was designed to enhance the English communication abilities of kudumbashree unit members.

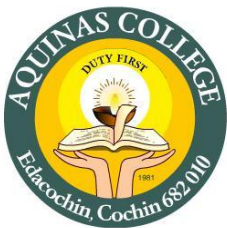

2021-2022

DEPARTMENT OF PHYSICS

AQUINIAN VISTA OF RADICAL AND REVOLUTIONARY MINDS (AVIRAM)

Objective: The primary goal of AVIRAM is to popularize science and foster a scientific temper in the community. This initiative encompasses a variety of programs designed to engage the public and raise awareness about critical scientific and social issues.

Activities:

AQUINAS COLLEGE

Edakochi, Kochi 682 010

Reaccredited by NAAC at 'B+' Grade

 (0484) 2977781, 9497577181

(Affiliated to Mahatma Gandhi University, Kottayam)

Science Popularization Programs:

The physics department actively organizes science popularization programs aimed at demystifying complex scientific concepts and making them accessible to the general public. These programs are designed to ignite curiosity and inspire a love for science among participants of all ages.

Seminars on Curbing Pseudoscience and Climate Change Awareness:

The department conducts seminars to address the proliferation of pseudoscience and to educate the community about the importance of scientific thinking. These seminars also focus on socially relevant issues such as climate change, aiming to raise awareness and promote sustainable practices.

Celebrating International Science Day and Astronomical Events:

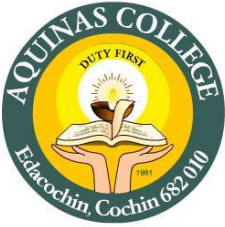

Events like International Science Day and astronomical occurrences such as solar eclipses are celebrated with educational programs. These events are used as opportunities to eliminate social taboos and myths associated with such phenomena, promoting a rational understanding based on scientific principles.

Encouraging Research Aptitude:

To foster a research-oriented mindset, the department conducts classes focused on current research trends and developments globally. These sessions are designed to stimulate interest in research and encourage students to pursue innovative projects and studies.

Utilization of Online Tools During COVID-19:

During the COVID-19 pandemic, the department effectively utilized online tools and social media platforms to continue its science popularization efforts. Virtual seminars, workshops, and interactive sessions were conducted to ensure uninterrupted learning and engagement.

“Second Chance”, gives emphasis on love, family and relationships and also shows the impact of social media addiction. And the third and last short film in our “Vellithira” film series titled “Annum Innum” conveys the message about the relationship issues among parents and its negative effect on the personality of their childrens and its consequences.

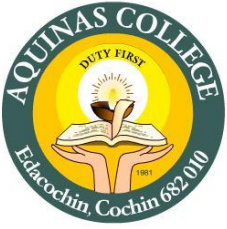

DEPARTMENT OF BIOTECHNOLOGY (SF)

ANTIBIOTIC CAMPAIGN-2022

Biotechnology department conducted an “Antibiotic Resistance Awareness Campaign” on 16th June 2022. Students of 2021-2022 batch participated in this campaign. Campaigning started off from the department and visited every department of this college. A separate session was organized on 28th June 2022 for the non-teaching staff members of this college.

Mr. Vishal, coordinator of ASPIC club also accompanied the campaign. Students were very enthusiastic and they gave a talk on “antibiotics, its uses, and precautions to be taken while using antibiotics”. The session was very informative, and productive. Students and teachers of various departments gave a positive feedback on the campaign.

provided on assembling the components to create a functional LED bulb. Safety measures, such as proper handling of electronic components and soldering techniques, were emphasized.

Hands-on Session:

Participants were divided into groups to work on assembling the LED bulbs under the supervision of experienced instructors. Each group successfully assembled multiple LED bulbs, gaining practical experience in the process.

LED STAR FEST

Date: 15/12/2022

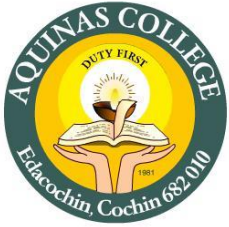

Venue: Electronics Lab

Number of Participants: 40

The LED Star Making Workshop and Exhibition was organized with the aim of promoting creativity and DIY skills among participants, while also highlighting the use of LEDs in sustainable craft projects.

The workshop included hands-on sessions where participants learned to create LED stars using simple materials like star frame, LEDs, and batteries. Dr. Vijo M Joy, HOD of Electronics department, demonstrated basic circuitry and soldering techniques, guiding participants through each step of the process. Participants gained a better understanding of basic electronics, as well as honed their crafting skills.

The exhibition, held on the afternoon session, showcased over 100 LED stars created by workshop participants. The stars were displayed creatively. Visitors to the exhibition were impressed by the creativity and craftsmanship on display.

LED Bulb Workshop

A Workshop on LED bulbs was conducted on October 18th, 2022 in the forenoon by the Department of Electronics jointly organized with the ED Club and IIC of Aquinas College, Edacochin. The workshop was conducted in the Electronics lab. There were around fifty student participants. Three students from each department were given an opportunity to take part in the workshop. Twelve students were from St. Michael's College, Cherthala headed by the teachers Crissy Nicholas and Nikhil. Sixteen students were from Siena College of Professional studies, headed by their teacher Vrinda. The workshop was very informative, and it provided valuable ideas for the students regarding the making of LED bulbs.
